# SENIOR LEADER DEGREE APPRENTICESHIP

## LEVEL 7 THE WORK-BASED MBA

### A CONSIDERED APPROACH TO AN MBA.

This MBA apprenticeship, in partnership with Middlesex University, is a programme that adds value to learners and organisations from the off.

The MBA delivers on all of the competencies the apprenticeship standard requires and uses integrated modules to build an understanding of organisational cross functionality for maximum impact on organisations.

Our learners are encouraged with every step to map their professional development with their organisation's needs. As with all modern organisations, digital plays a central role in every module of this apprenticeship programme. Through blended learning, the MBA utilises online learning and purposefully small face-to-face learning groups to nurture learners to work in an agile way in their unique organisational context.

## Learners start and end this MBA apprenticeship programme with modules focussing on leadership.

Our design has one overall purpose; aligning personal professional development with organisational goals.

The MBA apprenticeship programme uses Critical Action Learning to inspire bespoke career development aligned with an organisation's objectives. We invite both the employee and the employer to collaborate and create a mutually beneficial journey.

### Chartered Management Institute (CMI)

All learners become 'Associate' members of the Chartered Management Institute (CMI) for the duration of study.

Successful graduates will receive a CMI Level 7 Diploma in Strategic Management and Leadership, with the potential to achieve full Chartered Manager status (CMgr), subject to meeting the professional work experience requirements

To achieve the Professional Accreditation (Chartered Manager Status) learners will complete a portfolio which evidences and demonstrates where they have met the knowledge, skills and behaviours that are expected of a Senior Leader. To demonstrate achieving this benchmark learners are required to submit evidence to the CMI (Chartered Management Institute) after which you will be attend a presentation with CMI assessors.

### Evidencing 20% off-the-job learning

Employers and training providers need to meet a 20% off-the-job training requirement. We help advise on how best to do this.

## The MBA Journey Starts Here

All modules are core and worth 20 credits, unless specified.
