MAKE  
WAVES

## Why Solent?

To get ahead, you'll need more than just the theory. Employers in every industry want experience, practicality and proactive, innovative thinking. So at Solent, that's what you'll get. At every stage, on every course, you'll have the opportunity to develop your professional and career skills – alongside practical real-world experience.

Be part of a diverse community with over 75,000 graduates from more than 100 different countries

£100 million campus, with state-of-the-art facilities to enhance your learning

In the latest Teaching Excellence Framework (TEF) review, we achieved the highest gold rating for our teaching. This triple gold award recognises student experience and outcomes which are typically outstanding.

## #SOLENTSTORIES

### Youssef Chaki

#### IFP Business and Management Pathway

'This course is great because you study the fundamentals that will truly give you an insight to the specific career you'd like to pursue. I also really enjoy the culture in the UK, as everything is organised and clean and the teachers here are so nice!'

\*Quote not relative to imagery used

## International Foundation Programme

The International Foundation Programme is designed to develop your academic skills and English language levels to progress onto an undergraduate degree.

## Pathways to choose from

### Business and Management Pathway

The Business and Management Pathway places special emphasis on external business pressures and management theory. By doing so, it equips you with vital skills that can be effectively utilised across diverse fields, spanning from business and management to marketing and accounting. This comprehensive approach maximises your learning potential and prepares you for success in various disciplines.

### Creative Industries Pathway

The Creative Industries Pathway introduces you to the key principles and skills in media, art and design. You will have the opportunity to develop your knowledge in an area of which you have a particular interest within the creative industries. The aim is to develop your creative capacity, confidence and skills, so that you are able to communicate your ideas effectively. You will be well placed to progress onto creative or media-related undergraduate degrees.

### STEM Pathway

The STEM Pathway will teach you the fundamentals of scientific and mathematical reasoning, developing your use of statistics to test hypotheses and validity of scientific data. Assessments are based on demonstrating the application of the theory in projects and portfolios that are typical at undergraduate level, leaving you well-placed for successful undergraduate studies in a range of fields including sustainability, biomedical science and design and manufacture.
