# WELCOME TO QA

Moving to the UK for university is an important decision, which requires a high level of commitment. Here at QA Higher Education, we recognise the commitment it takes for you, and your family, to embark on this journey. We will be at your side for every step, from submitting your university application, arriving on campus, learning new subjects in class, to completing your final exams.

Pathway programmes are specifically designed for you. You will build your knowledge and confidence both in the English language and your specialist subject, to ensure you're ready to join the next stage of your undergraduate or postgraduate degree. You will study and learn in small groups in an engaging and encouraging environment, helping you to become more self-reliant and independent in both your studies and life.

We will be there to support you from day one, helping you make the most of your time and achieving academic success. But that's not all. We are also committed to providing a fun and enriching experience for you in the UK. Once you arrive, there will be plenty of opportunities to get involved in the social aspects of university life, including joining a sports club, becoming a member of a society, representing your classmates on a committee, or even catching up with a friend for tea at the end of the day.

Through your pathway journey, you will learn the skills, knowledge and confidence to independently pursue your studies in the UK. However, as our growing alumni know, you will always be welcome here – be it for extra support, or simply the chance to check in with new pathway students.

We very much look forward to welcoming you to one of our four QA Higher Education Pathway Colleges, and help you begin your journey towards achieving your ambitions.

# FREQUENTLY ASKED QUESTIONS

## What study option is right for me?

The **Pre-Sessional English programme** is designed to develop students English skills to meet the language requirements for a degree with one of our partner universities.

The **International Foundation Programme** is designed to support students with English language levels equivalent to IELTS 4.5 (with no single component below 4.0) or higher. For the minimum component scores, please refer to our website.

The **International Year One (IY1)** programmes are designed to support students who have IELTS 5.5 (or equivalent). The programme integrates English language development with content comparative to the first year of an undergraduate degree.

**Pre-Master's** are designed specifically to support international students who have IELTS from 5.5 (with no single component below 5.5). The programme prepares for studying at Master's level.

## What English language level do I need?

If you have IELTS 4.5 (or equivalent), from a UKVI Approved Centre, you will need to study one of the 3 or 4 term programmes to allow enough time for your language skills to develop to the standard needed to study a UK undergraduate degree.

If you have IELTS 5.0 (or equivalent), from a UKVI Approved Centre, you will be able to study one of the 2 or 3 term programmes.

## What start dates are available?

We offer multiple start dates throughout the year depending on the programme and your chosen university. Intakes usually occur in the following months:

**Pre-Sessional English programme:**  
September, October, February, March, June, July and August

**International Foundation Programme:**  
October, January, and March

**International Year One:**  
September, October and January

**Pre-Master's:**  
September, January and May

Please refer to our website for information by university partner as intakes do differ between universities to fit with academic calendars.

## What are my accommodation options?

Accommodation options vary depending on which university you choose to study with. All of the universities that we partner with for pathway programmes have student halls of residence available. There are also private halls and houses available.

For students under 18, it is our policy for these students to live in homestays unless we receive signed consent from a parent or guardian, notifying us of an alternative accommodation decision.

## Are there scholarships or bursaries available?

We offer a range of scholarships and bursaries based on academic merit and individual applications. You do not need to submit an additional application for these, they are awarded based on your course application. For more information and to discuss your eligibility, please speak to one of our team.

## How long is a term or semester?

The words term and semester are used by universities to define a teaching period, usually between 10 and 12 weeks. Your exact course duration will be confirmed on your offer as this will vary between universities.

## What do I need to know about studying in the UK?

In addition to developing your academic and English language skills, the pathway programmes are also designed to help you adjust to studying in the UK and UK university life. You will learn the academic skills which will support you throughout the duration of your studies in the UK, learning how to write assignments, reference, give presentations and undertake group work.

You will be taught by academics who are experienced in helping international students adjust to studying in the UK and adapting to UK culture.

## If I study an IFP or IY1 programme, when would I start my undergraduate degree?

This depends on when you start your programme and how long your pathway programme is. The table on the next page shows the typical timeframes of when you may start your programme and when you would progress on to your chosen undergraduate degree.

Your exact start dates and course duration will be confirmed in your offer letter as these will vary between university.

## HOW TO APPLY

If a pathway programme is for you, we have tried to make the application process as straightforward as possible.

You can find all application forms at: [qahighereducation.com/pathway](http://qahighereducation.com/pathway)

To process your application quickly, submit the following:

- Application form - you can complete it online by clicking apply online on the course page for your chosen programme and preferred start date
- A copy of your passport
- A copy of your original qualifications and transcripts (and Certified Translation, where applicable)
- References (dependent on your programme choice)
- A personal statement
- Copies of any current and previous UK visas, CAS and copies of exit stamp (if you require a student visa to study in the UK)
- A valid IELTS from a UKVI Approved Centre
- Any previous visa refusals (if applicable)

## APPLICATION JOURNEY

Once we receive your application, we will review your documents and check that you are eligible for your chosen programme.

01

02

If you're successful, we'll send you a formal offer of a place. This may be conditional on you sending us additional documents, or transcripts.

Received an unconditional offer? Well done! When you've accepted your place, you'll need to pay a deposit. This will be deducted from your tuition fees and will be detailed on your offer letter.

03

04

Once you have supplied your Pre-CAS documents and paid your deposit, we will send you a CAS (Certificate of Acceptance for Studies) for your visa application.

You will then need to apply for your student visa to study in the UK.

05

06

Before you arrive, you will need to have paid your remaining fee balance, unless otherwise detailed in your offer.

Our team will be able to help you organise accommodation for your studies before you arrive and advise on what you will need to bring with you to the UK.

07

## ENROLLED

## TESTIMONIALS

My favourite moment was when we finally had our first week of face-to-face classes. It was amazing and I made lots of friends from the university. We also enjoyed a party dedicated to our International Foundation Programme, which included a party at a union bar, which was a great opportunity to have fun and be social!

I think being a student at Roehampton has been an amazing experience so far. I've met lots of great people and the accommodation structure helps you make great friends easily. The food is also accessible and delicious here. I'm super excited to progress onto my dance degree.\*
