Manchester**

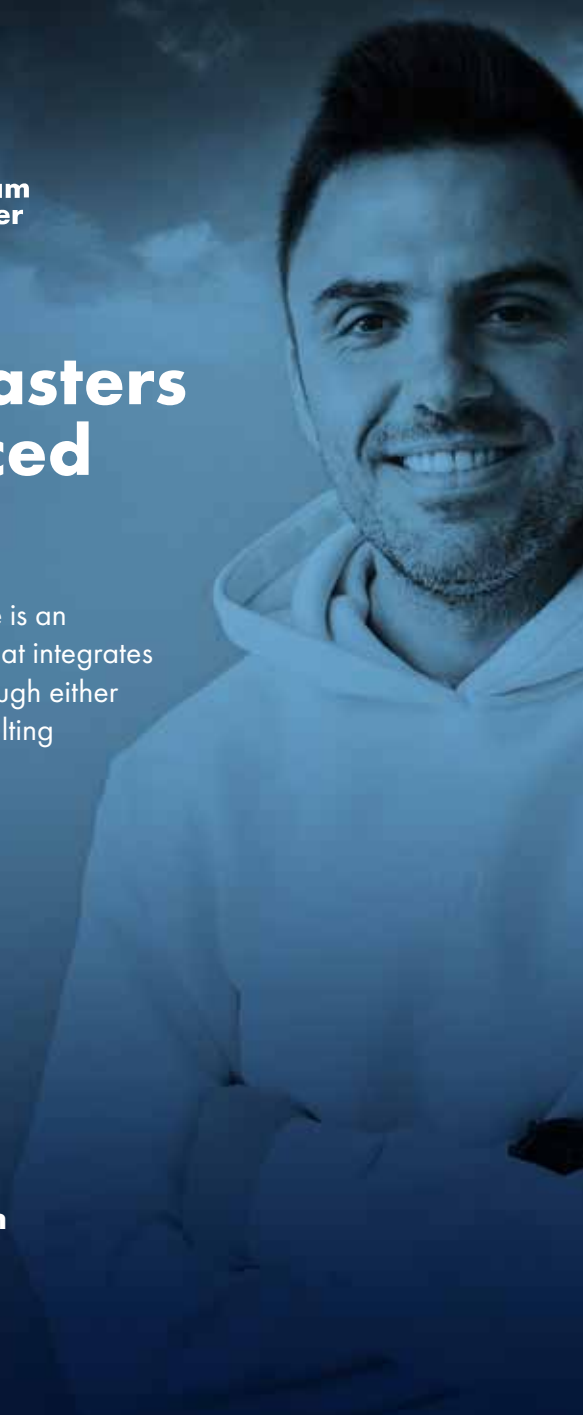

What is a Masters with Advanced Practice?

A Masters with Advanced Practice is an extended 21-month programme that integrates industry-informed experience through either an Internship or an Applied Consulting Project.

- **Enhance your employability**
- **Improve your CV**
- **Put theory into practice**
- **Network with key contacts**
- **Reflect on your experiences**
- **Gain professional experience**

What will the Advanced Practice programme look like?

FIRST 2 SEMESTERS

The first two semesters are the same as the standard Masters

PENULTIMATE SEMESTER

You will choose between **two** options:

01

**INTERNSHIP
& PROFESSIONAL
DEVELOPMENT
PROJECT**

A 15-week internship at an external company

02

**APPLIED
CONSULTING
PROJECT**

This option involves working on a live business project in the industry

FINAL SEMESTER

You will then complete your final semester, including either a Dissertation or Applied Research Project

Advanced Practice gave me the foundation to practise before entering the world of business management and HR.

My supervisor helped tailor my CV and guided me in choosing my internship. Before I even finished, the company offered me a role to stay on after graduation.
