### ADVANCED PRACTICE OPTIONS AVAILABLE

A Masters with Advanced Practice allows you to gain real-world experience as part of your course. For our business courses, you can choose to do 1 out of 4 advanced practice modules which consists of a masters' internship, complete a consultancy project, create and pitch a successful business plan or develop expertise through professional skills practice.

**Studying a Masters with Advanced Practice can help you to:**

Enhance your employability skills

Put into practice the theory you've learned during your studies

Experience a real working environment during your internship or work on real-life scenarios as part of the Applied Consultancy Project

Multiple start dates throughout the year

Unlock your potential and improve your problem solving skills

Study in a vibrant and multi-cultural student city
